Founder's Notes

Mr. Syauqi Robbani, MPA

Founder of Kreativa Global School
Harvard University Graduate

Mr. Yorga Permana, PhD

Board of Supervisory
London School of Economics
(LSE) Graduate

Kreativa Global School was founded on the belief that education is not only about academic achievement, but about nurturing the whole child—faithful, strong in character, globally minded, and ready to contribute meaningfully to the world. We built Kreativa as a place where Islamic values, international standards, and future-relevant learning come together in a safe, warm, and challenging environment.

At Kreativa, every child is guided to discover their potential, grow their curiosity, build confidence, develop leadership, and strengthen essential life skills. Choosing Kreativa means choosing an education that prepares children not only to succeed in school, but also to become purposeful, adaptive, and principled individuals who are ready to face global challenges with strong values and a clear sense of purpose.

An Education Initiative by CNA Investment

Kreativa Global School is a mission-driven education initiative under **CNA Investment**, an investment firm based in West Java with a focus on **healthcare, education, food & consumer, and infrastructure** sectors. CNA currently operates **four hospitals and clinics, eight schools**, and several other growing businesses. CNA Investment's diverse portfolio from healthcare to education reflects its commitment to advancing human development across West Java.
